In this Project you will create a story using the webpage: http://www.storyboardthat.com/classroom. You will use the vocabulary related to house chores. Be sure to add details to your sentences to make them interesting. Read and follow the instructions carefully.

1. Follow the instructions on the back to create a storyboard of 10 cells.

2. **CELL 1**: Introduce a family of 6 members and mention who they are.

3. **CELL 2**: Picture of where they live (house or apartment): Mention where they live and describe the house or apartment.

4. **CELL 3 to 8**: Each cell will show a member of the family in a specific room doing a house chore.
   a. Introduce each member and mention in what room he/she is in.
   b. Describe the room.
   c. Mention what chore he/she does there.
   d. Say when or how often he/she does it.
   e. Mention if he/she likes it and why.

   Use 6 of the following house chores:
   barrer el suelo, cocinar, cortar el césped, hacer la cama, limpiar la cocina, pasar la aspiradora, lavar los platos, poner la mesa, sacar la basura, planchar la ropa.

   Use the frequency words: a veces, siempre, nunca, todos los días.

5. **CELL 9 and 10**: Picture of an activity that the whole family does together on the weekends. Describe the activity, mention the day, and if they like it.

   Each cell should have at least four interesting sentences.

6. *Turn in this paper when you turn in your project.*
